I can't get into Patsy to check this out - are they large or small
entity, I am doing a final letter to Allen Ego telling him that after
June 26, 2006 if the maintenance fee is not paid the patent becomes
abandoned and rights are terminated, but I don't know what fee to apply,
small or large?

FILE DESTRUCTION POLICY

Date Effective: January 1, 2009

Replaces: New

Approved By: All Partners

PURPOSE:

To set forth a policy and procedure relating to the destruction of files.

THOSE AFFECTED:

ALL offices.

POLICY.

ABANDONED FILES

1. Identification and retrieval by the secretarial staff of abandoned files (pending or issued).

Abandonment information (i.e., ABANDONED per e-mail from Joe Blow on 01-07-2009) is written on the file front and in the appropriate file on PATTSY. If client has only verbally informed us they wish to abandon their case, a confirmation letter will be e mailed or sent by regular first class mail immediately to client. A copy of same is placed in the file.

2. When Abandonment Notice is received from the U.S. Patent and Trademark Office, the staff retrieves the file and removes all documents therein except the letter/e-mail that is to/from client confirming abandonment. The Abandonment Notice from the USPTO is also kept in the file. The remaining documents are then destroyed. Any file that an attorney wishes exempted from this policy will have a notation written on the face of the file stating the reasons for the retention thereof.

3. The file is then placed in the Abandoned drawers by docket number in numerical order disregarding the first number (attorney ID).

EXPIRED/ISSUED FILES

1. Identification and retrieval by the secretarial staff of expired cases from the Issued drawers. The expiration date is written on the file front (if the information is not already there), and the file is placed in the Abandoned drawer by docket number in numerical order disregarding the first number (attorney ID).

GENERAL FILES

1. Secretarial staff will review General files at the beginning of each year. Only inactive files over five (5) years old will be affected by this policy. The inactive files of active clients will be exempt from this policy. The inactive files are to be removed and destroyed.

FINANCIAL FILES/RECORDS

1. All financial files and records (deposit slips, checks, A/P, etc.) will be destroyed after seven (7) years.
